## NATIONAL SASMT PRETORIA ENSEMBLE COMPETITION

### SPONSORSHIP

To whom it may concern,

This year will see the second National South African Society of Music Teachers (SASMT) Pretoria Ensemble Competition, from 9 to 11 September 2018.

Following the success of last year's competition, we are happy to announce that this year the competition will once again be hosted in collaboration with the Ear Institute and Eduplex School.

**Eduplex** is an inclusive parallel medium (English and Afrikaans) mainstream school. Their inclusive teaching environment accommodates a small number of students with varying levels of hearing ability in each class. It is a place where values are affirmed, young minds are enriched, and dreams take flight.

The **National SASMT Pretoria Ensemble Competition** is aimed at developing performers, especially young school-going musicians, through collaborative participation and enjoyment of performing music with others. It further aims to encourage and foster an understanding, love and appreciation for ensemble performance through a goal-orientated and nationally competitive platform.

Musicians can compete in five categories:

- 10 years and under
- 13 years and under
- 16 years and under
- 19 years and under
- Open category (for ensembles including one or more participants 20 years and older)

We are thankful to announce that **The Ear Institute** has already submitted a sponsorship to increase the prize money for the 2018 competition. But, we do however, still need donations from individuals or businesses in order to fund this national competition.

Should you be interested in being a sponsor for the National SASMT Pretoria Ensemble Competition, your contribution will assist to cover the running costs of this endeavor. We will be grateful for any amount, no matter how small, because every bit helps.

For your convenience, sponsorship amounts have been grouped in several packages which provide a variety of benefits to the sponsor, should you wish to make use of these offerings. These packages are listed below:
